Hope Project Christmas is about a single idea:
Let's return nativity scenes to Christmas!

Hope Project Christmas is about a single idea:
Let's return nativity scenes to Christmas!

The Hope Project is providing FREE design templates for use on window decals, posters, or billboards.

The encouragement is that you find every means possible to return nativity scenes to Christmas — whether through Christmas cards, social media posts, decorations on your home, church or business, or through combined efforts — like floats in parades or billboards within public view.
