

Connecting Kiwis with Jesus. Simple.

HopeProject nz

The Christian faith offers unparalleled meaning and hope. Being visible in our cultural festivals of Christmas and Easter is important because 'out of sight' means 'out of mind'.

1. Equip everyone

What if we all gave one month of focus to conversational outreach equipping through every pulpit, small group and youth group? AllTogether.co.nz/pastors

2. Reach everyone

What if we participated willingly together again to deliver the Hope Project booklets city-wide, while donating to enable the effort? AllTogether.co.nz/hopeproject

3. Pray

What if, with members already walking along every residential street, churches united for combined prayer and to walk the nation? Consider the 'Holy Here' app: holyyhere.com/#app-download 24-7prayer.nz

4. Invite everyone

What if we intentionally motivated invitations to Easter services followed by courses introducing the faith like Long Story Short, and Alpha? LongStoryShort.co | Alpha.org.nz

5. Together

What if our unity – as also that of Christians within every workplace and school – were the DNA with which we did all this?

Please consider this vision.
