

Kia ora Pastors / key church leaders

Do not doubt it. People take significant steps toward Jesus right across our nation every time our churches unite to enable the gospel of hope to be broadcast nationally through TV, web and booklets through 'Hope Project'.

This email shares both vision and resource for the coming three months - with a CULTURE of outreach amongst us in view...

- to help you **get the gospel to most homes** in your city or town
- to **equip your members** for their everyday conversations
- to **strengthen your prayer**
- and to see **more people invited to your church**
- **...together!**

Two action steps that this hinges upon:

- **Please allocate time in your weekly announcements in February/March for promotion of the volunteer booklet delivery** that churches are uniting to accomplish together remarkably in OVER TWO HUNDRED NZ cities and towns this year.
- **Donations to enable this would also be appreciated.** United endeavours of this nature require a united effort in all ways.

Here's the vision:

(Note: This is your 'master email' with all information for the upcoming Easter effort).

Hope Project' has partnered with **24-7 Prayer**, **Long Story Short** and **Alpha NZ** to bring a simple vision for the January to April period in 2026.

Please watch the video [HERE](#)

Please print [this A5 flyer](#) as a summary for church leaders when discussing.

Resources related to each area noted above are below
– including key information and promotional materials to help you rally your members for the booklet delivery / prayer walk across your city or town.

Equip everyone

The Church's greatest potential is in its members - equipped by their leaders, while empowered by the Spirit.

What if our NZ churches made equipping the saints (Ephesians 4:12-13) to be 'fishers of people' like Jesus called them to be (Matthew 4:19 / Matthew 28:18-20)) a month-long focus in all of our pulpits, small groups and youth groups annually?

- **The vision:** Conversational outreach equipping in every pulpit, every small group and every youth group - every year.
- **The desired result:** People connecting with Jesus through relaxed everyday Christian witness.
- **A suggested timing:** Before Easter would synch with the momentum of united efforts connected with Hope Project.
- **To inspire you:** Hear Dave cast vision for equipping and encouragement related to five distinct areas - to help Christians find their voice, [here](#).
- **To resource your pulpits, small groups and youth group:** We note [pulpit series notes](#) (the gospel / the Holy Spirit / conversational skills / Jesus in hostile environments / teamwork), concise [video equipping resources](#) with discussion guides suiting small groups, the [WhyChristiansBelieve.nz](#) 7-week video series/discussion resource for confidence, and a [youth equipping resource](#) - amongst an even wider array to be found at our website, or through the resources of other ministries.

Reach everyone

All evidence suggests people who are spiritually interested pick the booklets up to read them. Spiritual interest is increasing also.

When investigated, many coming to faith in our nation's churches have read booklets and/or viewed associated TV ads and web media within their journey.

A call to action: Through partnership with Hope Project, the united churches of each city and town can see gospel booklets connecting with most homes.

The vision: People matter, and most people in our nation have no connection with a Christian message via a local church in an average year. What could reach even to them?

The effort: Christ, his message and the stories of his influence are made visible for the public through public TV, wide-reaching web strategies, and the booklets in this season. ***It's a big effort - with significant audiences reached through a variety of media!***

Timing: The delivery period is the two (or three) weeks prior to Easter (and note, this now only happens every second year) - while this delivery is coordinated amongst churches prior.

Resourcing: Booklets supplied, while partnership and donations are invited to enable the effort nationally.

Pray

There has been a growing momentum in united prayer. Sam speaks encouragement into that.

What if churches were to unite in city prayer - every street, workplace, school, small group and church?

- **The vision:** The united prayer of God's people strengthened.
- **Timing:** The eight weeks before Easter - with a view to the gospel in our cities.
- **Opportunity:** As we walk every residential street delivering booklets our churches together can PRAY over EVERY SINGLE household. What an incredible opportunity.
- **An amazing app:** Use the "[Holy Here](#)" app to prayer walk the streets as you deliver material - while together joining with other churches for prayer meetings to cover the initiative in prayer.

Invite everyone

Long Story Short and *Alpha* are both amazing resources. Torrey (below) heads up Long Story Short, while Mike (below) heads up Alpha NZ.

What if our churches were then to create opportunities that release the power of invitation?

- **The vision:** A season of invitation to local churches.
- **Opportunity:** Easter services - and then courses like 'Long Story Short' and 'Alpha'.
- **A treasure-trove of resources:**
 - [Long Story Short](#) is a stunning NZ-made 9-week videos series about the Christian faith - suiting small groups and individual use.
 - [Alpha](#) is a global leader in the same, with a discussion series that has seen many millions giving their lives to Christ.
